OPEN LETTER TO ALL FAMILIES IN OUR CATHOLIC SCHOOLS

A letter has been sent out to all families in our 5 Catholic Primary Schools informing them of the current situation with the Deanery reorganisation. The letter highlights the big problem we have with most Catholic families no longer coming to church but still want a Catholic education. The letter explains that unless they start to support the church with their presence, both the parish churches and parish schools will be under threat. Please feel free to take a copy to read and pass on to any who might be interested - especially those who no longer come to church. The long term survival of parish churches and schools depends upon them.
